

IMPACT

WEST GEORGIA

Impact Insider Winter 2020

What an exciting year 2019 was, and it is all because of YOU! Lives have been improved through access to healthcare, finding jobs and homes, and learning new language skills. Here are some of the things YOU did last year:

- 12 men are now *formerly* homeless as they ended the year in their own homes!
- 53 men received supportive services and are closer to finding their own homes.
- 530 trips for veterans to & from their doctor appointments
- 62 students improved their language skills

Shout Out

To all of the many people who made those numbers above possible! Impact volunteers and donors are the very best! In 2019, you racked up thousands of hours serving those in need in our community and provided the funds necessary to shelter, transport, and teach more than 500 community members!

Sometimes, our volunteers and donors have a little too much fun ;) See Andy & Bill to the right at the DESERVE Gala last November as exhibit #1

Spotlight

Joshua's Impact Story

Joshua came to HOPE in September 2019. He shared with his Transition Assistant, Delores, that he wondered if he'd ever have his own home again and be able to spend quality time with his children. But, by Christmas, that's exactly what happened! Through his very hard work and some assistance from community partners, he got to spend Christmas in his very own apartment, and during the holiday break he spent his first night with his children in several months. Joshua will tell you that HOPE made an Impact on him and his family in 2019. On behalf of Joshua, Delores, Charlene, Darrell, and the entire Impact Team. Thank YOU for providing HOPE and making an Impact!
